www.absolutebelize.com

BELIZE, April 25, 2011 – Realizing Belize’s growing reputation as a beautiful, exciting and unique travel destination and as long terms lovers of this Central American gem, Rachael Eteson and Sophie Mills launched Absolute Belize. Hailing originally from the UK, they are seasoned world travelers who established Absolute Belize to bring together the best of what Belize has to offer, and to deliver it with a personal and professional touch. Rachael lives full-time on Ambergris Caye, personally coordinating every aspect of the service provided.

With myriad adventures and experiences on offer, together with a range of chic and individual boutique hotels and hip hideaways, Absolute Belize specializes in crafting spectacular and unique travel itineraries, creating authentic Belizean experiences for travelers who are seeking something out of the ordinary - they can show you the highlights, but also the hidden secrets.

Whether their clients are looking to experience the best of the Belizean Caribbean waters, journey deep into the jungle to witness magnificent Mayan treasures, or indulge in the ultimate in pampering, Absolute Belize tailor makes the perfect itinerary.

Adrenaline Addicts can clamber through the largest cave network in Central America and discover the remains of Mayan sacrificial victims, zip line through the jungle, snorkel or dive at night and swim with sharks.

For chocoholics, **Cacao Crazy** is a complete cultural and sensory immersion into the world of chocolate. Highlights include visiting a local Cacao farm, meeting the growers, learning about the production process, enjoying a chocolate making master class and making their very own bar of chocolate.

Absolute Belize have also come up with the best way for diving aficionados to **Dive Deep** and witness the best of the Belizean waters – by living at sea. Diving from a luxury live-aboard catamaran gives you all the benefits of an all-inclusive resort, whilst sailing in comfort and style to the best dive sites around the country.

There are also itineraries for romantic **Hammock Honeymoons**, several combinations of Belizean highlights and even something for **Lobster Lovers**. These are simply guidelines – each itinerary is crafted to meet the needs and interests of the individual.
